Reflective feedback

SIL 503 Week 8 circle sheet, 28 October 2026

No advice. Not a suggestion, not a question with one inside it, not a story of your own. Two prompts only: the real subject, and the useful moment.

Name | **Circle**

Teller	The real subject	The useful moment

Write in the teller's own terms. The first column is the piece under the piece, and the second is the one moment or image the whole video could be built around.
